

HEAVENLY AIR™

IONIC AIR PURIFIER.....FITS INTO YOUR AIR VENT (REGISTER) ITSELF!

Heavenly Air™ leads to Healthy Living

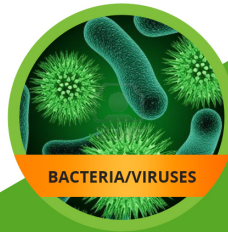

ELIMINATES

POLLEN

DANDER

BACTERIA/VIRUSES

AND MORE...

How to Install?

Just drop into your floor level, air vent (Register)

IT IS THAT SIMPLE!

What is Heavenly Air™

HEAVENLY AIR™ eliminates all these problems in one stroke! The ionization chamber is fitted into the air register (vent) cover plate where the forced air exits into the room. HEAVENLY AIR is fitted with a pressure switch. When forced air starts coming, its pressure turns on the ionization grid, which cleans all the incoming air. This means the **WHOLE ROOM IS CLEAN!** No more "Clean Air Island". It does not have any fans or mechanical filters, therefore no extra noise.

Why Heavenly Air™ ?

Product	Heavenly Air™	Other Standalone Air Purifiers
Space	No Extra	Needs Own
Effectiveness	Cleans Whole Room	Cleans Surrounding Space only
Noise	None	Low to High
Power	Negligible (< 1w)	High (> 30 w)
